The County of Kauai To Be In Finest Home In All The Territory

PROPOSED PLAN OF KAUAI'S NEW COUNTY BUILDING

According to the above plans, will be a big advantage over present arrangements. A call seat building in the Territory, for bids appears in this issue, the same to be opened on September 4th. It is to be a frame structure, two stories high and fitted out with modern offices, including fire-proof vaults, etc. There is hopes of having the building completed by January 1, 1913.

MOST IMPORTANT STRIKE IN ISLANDS, WON BY STRIKERS

Inter-Island Skippers And Mates Do the Hold
Up to Bring Company to Terms--Success
Crowns Efforts

STRIKERS GET FIFTEEN PER CENT

The following table of scale of wages which has gone into effect as the result of last week's strike among the Inter-Island captains and mates, will show conclusively that the sea-going gentry came off best, if the salary question was the chief bone of contention. The manner in which the steamship Company capitulated to its men, indicates that the latter have a hold on them in some mysterious way that the Company dares not refuse their demands. Now that the strike is pau, the regular routine will soon be on again, and

while the public was greatly inconvenienced by the occurrence, all will soon be forgotten and the crowds will gather as usual to greet the incoming and out-going human traffic. However, had there been a prolongation of the traffic, inasmuch as the food and coal supply is concerned, matters would have become serious with Kauai. But this did not happen, so let us not think on what might have been, but be found occupied in thoughts for the future.

Waimea Man Is Badly Scalded

A recent fire in Waimea in a Japanese hotel was caused through a drunken Japanese kicking a lighted lamp over while sleeping. The man was badly burned about the feet and hands and was taken to the hospital for treatment. The fire was extinguished before much damage ensued.

Silva And Murray Are Pleased

Messrs Murray and Silva of McInerney, Ltd., and the McInerney Shoe Co., Honolulu, and who have completed a very successful trip through Kauai wish to thank their patrons for their patronage, and to assure them that of their intentions to make the Garden Island at intervals of every two or three months.

KUHIO WILL LOSE

"I figure that Kuhio will lose one-third of the votes, which have always been allowed by the politicians to the business community. The remaining two-thirds will have to be fought for by the other candidates for the delegateship. Mr. Dowsett has great strength with the Hawaiians and this, in my opinion, makes the election of a delegate a toss-up. Which ever way the matter is looked at, the business men's candidate goes into his fight with no worse than an even chance of winning.

"Should the Republican convention be the reflection of the business men's suggestions, then the convention will be a Dowsett convention. If it is a Dowsett convention then the few deciding votes, in my estimation about 250, can easily be won by the Republican party."

Earthquake and Fire

An earthquake and fire at Constantinople last Saturday resulted in the death of at least a thousand men, women and children, seriously injuring many thousands more and destroyed untold millions of dollars worth of property.

The surrounding country was also devastated, villages have disappeared without leaving a trace. Towns with thousands of inhabitants have been wiped out and the destruction of human life is appalling.

O, You Koloa Concert!

"How do you like mother Winslow's Soothing Syrup?" "Don't know. Haven't tasted it for twenty years." "Don't be funny--I mean like the funny song the Koloa Glee Club sings," said I. "Haven't heard the song, and didn't know Koloa had a Glee Club," says he. "You must be a back-number! Didn't you know that the Koloa Library is going to give a grand entertainment? With the most beautiful tableaux? And that the Koloa Glee Club is to render the most comic songs? And, say, between us, the Mufti Club will assist," says I. "The what?" says he, "the Mufti Club," says I.

Mrs. Wishard Gives Picnic

Mrs. Wishard gave the children of Lihue a little outing picnic on the Hanalei beach last Friday. A quantity of pretty shells and a number of sun-burnt features were silent informers of where and how a portion of the day had been spent. Mrs. Wishard was in charge of the party.

Thrilling Experience at The Makaweli Baseball Field, Sunday, Aug. 11

"If you see, when Fassoth was struck out, the 'funny man' wheel round about To shake his fist, and rave and shout, 'An' belch 'hot air'!" He wasn't really mad you know, The thing was only meant for show, To make belief the umpire--oh! Was fair an' square, One other fellow, with the bat, A huge pretence made at a swat, I thought he'd lay the umpire flat. He wasn't riled. He only meant his little play To reach the 'gallery,' they say, And save the umpire. (By the way He only smiled.)

Girvin, Koloa's New Engineer

Clarence W. Girvin, formerly connected with the engineer's department at Ewa, has accepted a position with the Koloa Sugar Plantation in the capacity of Chief Engineer. Mr. Girvin was at one time employed by the Makaweli Sugar Co., having installed a large amount of the mill machinery, which experience makes his services as chief at Koloa, a valuable asset in the construction of the new sugar mill which the company is soon to construct. Mr. Girvin is a brother of Mrs. W. H. Rice, Jr. of Lihue.

MORAGNE WILL GET SIX HUNDRED PER MONTH

At a meeting of the Loan Fund Commission last Wednesday, County Engineer Moragne's salary was increased to an amount which represents \$600.00 per month, the salary totalling \$400.00 and the balance, \$200.00 being allowed for expenses. The total sum is for his salary as county engineer and engineer for the Loan Fund, the latter of which expires Jan. 1st, 1913.

West Arrives With Everett Six

W. J. West of the von Ham-Young Co., automobile department, arrived last Sunday morning bringing with him a six cylinder Everett, the first which has been seen on Kauai. Mr. West will be glad to talk automobile to anyone wishing supplies or anticipating the purchase of a new car.

PLUCKY GIRL OFFI- CER SUED FOR DAMAGE

Wice-a-wake Land-Agent of
Kapaa Knows Her Busi-
ness And Does It

ATTORNEY GENERAL WILL ASSIST

Hee Fat, Prominent Rice Plant-
er Tries To Evade Law
But Fails

Pretty Miss Blank, sub-land agent for the Kapaa District and a popular Kapaa teacher, and who, as agent, has been given authority to impound stray animals which might presume to browse on the public domain, finds herself in the toils of the law as the result of her efforts to carry out her instructions. Sometime ago, this agent was allowed the assistance of a ranger whose duties were chiefly to take up all loose stock found on government lands. Now it happened that the Hon. Hee Fat, a well-known rice planter of Kapaa, notwithstanding he possesses hundreds of acres of leased lands, decided to incorporate the public lands with his pasture, and without the "if you please sir," promptly turned thirteen of his animals not only on the public road, but turned them loose on the baseball park. Had Mr. Fat known the power of the unlucky number, he would not have sat quite so complacently, as he gazed across his golden rice fields.

The sun had begun its western retreat, the Hee Fat animals had apparently harvested about all the tender grass which had survived a previous ball game, when lo, and behold, Mr. Ranger appeared. To the pound went he and the thirteen Hee Fat animals, and in the pound the latter remained until His Royal Highness made a noise like fifty cents per head in order to get them home again.

Now it transpires that Mr. Hee Fat is a heap big man among the Kapaaites and to be so summarily dealt with,--especially at the hands of the law--was too much to bear, so he accordingly sought the advice of County Clerk Kaneakua, one of our local legal lights, with a view to punishing those responsible for tramping with his rights.

Brings Damage Suit

After hearing his case, attorney Kaneakua came to the conclusion that Hee Fat had a kick due him and advised that the fair official of the law be prosecuted for damages. The agent was notified and the fight is on, and it is needless to say that the young lady has the sympathy and kokua of every public spirited and law abiding citizen on Kauai in her fight in upholding the law. It must be remembered that she is fighting for what the community has so long wished for--the keeping of stock off the public highway. It is certainly a remarkable case when one realizes that a lone girl has pluck enough to do that which men are said to be afraid to do for fear of losing their positions. Stay with it, young lady, you've got public opinion, the Attorney General's department and THE GARDEN ISLAND on your side of the fence, and anything else don't count, nohow.

BIG SHOW AT HALL

Fernandes' Moving Picture and vaudeville show at the Lihue Hall last night attracted a large audience and was an excellent show, the pictures being extremely clear and interesting. Mr. Fernandes will remain in Lihue Wednesday and Thursday nights with a complete change of program nightly. A cowboy film to every set. The "Sleeping Beauty," a beautifully colored film, will be shown Wednesday night. A tour of the island will be made at the close of the Lihue engagement.
